

Yeelight LED Lightstrip 1S Extension (1 m)

LED Lightstrip 1S offers variable lighting depending on the atmosphere - with individual color choice (16 million colors) and adjustable brightness. With the pre-programmed modes impressive accents can be set for special occasions, even a synchronization with music and the integration with Razer Chroma RGB are possible. Automating several Lightstrips at same time is possible due to light group control function. The RGB Lightstrip supports voice control and can be operated with smartphone* via Yeelight app.

*Compatible with Android 4.4 (or higher) & iOS 9.0 (or higher)
